## Experience / Skills

### Test Automation Engineer 2024 - Present

Alten (Consultant to  
Raymarine)

- 
- Python
  - Javascript / HTML / CSS
  - CI / CD (Github / Gitlab)
  - JIRA / Confluence
  - VS Code / MS Products
  - Product trials

- Test automation engineer working in product assurance team on thermal cameras and systems testing in the maritime industry, focusing on real-user tests via selenium for webpage / app usage
- Implement variants of soak and integrated testing for in-dev and released products, utilising pytest and allure reporting to provide scheduled and detailed feedback on new build releases
- Cross-platform integration of Windows/Linux environments to implement CI/CD pipelines and integrated JIRA test execution & reporting
- Carry out systems testing and control through Django server to communicate with a range of different products and monitor network traffic and device diagnostics

---

### Finance Scraper

Personal Project

- 
- Kotlin / Python / SQLite
  - Android Studio / Jetpack Compose
  - Coroutines
  - Live Graph interaction
  - Live DB Viewer / Modifier

- App for parsing finance data from PDF documents and visualise through graphs and database viewers
- Uses chaquo library for running python within Kotlin framework and vico for charting data
- Can support multiple banks, trading platforms and investment brokers transactional information detailing history of transactions

---

### Password Manager

Personal Project

- 
- Kotlin / Python / SQLite / PyQt5
  - Android Studio / Jetpack Compose
  - Coroutines
  - Biometric login
  - 3rd-party app integration
  - Cryptography

- App for password management across websites / apps / systems, can navigate to other android apps from one central location
  - Uses chaquo library for running python within Kotlin framework and cryptography for encryption
  - Can export / import JSON file which is fully encrypted to transfer / restore data, biometric login also encrypted using android libraries
  - PC app written in PyQt to allow visualisation of passwords on desktop
-
